BRIANNA BROCKINGTON

Software Engineer · AWS Certified · B.S. Expected April 2026

Greer, SC · Willing to Relocate · 813-860-6142 · briannab1997@gmail.com · linkedin.com/in/brianna-brockington-1b6a59a9 · github.com/briannab1997

PROFESSIONAL SUMMARY

Results-driven Software Engineering student (B.S. expected April 2026) with 7+ years of cross-functional enterprise experience in compliance-driven healthcare environments. Strong foundation in data structures, algorithms, backend development, REST APIs, and cloud technologies. Holds AWS Certified Cloud Practitioner and CompTIA Network+ certifications. Proven ability to troubleshoot complex systems, document defects, and collaborate cross-functionally. Seeking SWE internship or new grad roles at high-growth tech companies.

TECHNICAL SKILLS

Languages	Java · Python · JavaScript · SQL · C# · C++ · HTML · CSS
CS Concepts	Data Structures (Arrays, Linked Lists, Trees, Hash Maps, Stacks, Queues) · Algorithms (Sorting, Searching, Recursion, Dynamic Programming, Big-O Analysis)
Web & APIs	REST APIs · Node.js · OpenAI API · Postman · Chrome DevTools
Cloud & DevOps	AWS (Certified Cloud Practitioner) · Docker · CI/CD Fundamentals · Git · GitHub
Testing & QA	Manual Testing · Test Case Design · Bug Reporting · API Testing · Exploratory Testing
Tools & Process	Jira · Agile/Scrum · System Documentation · Cross-functional Collaboration

CERTIFICATIONS

✓ AWS Certified Cloud Practitioner ✓ CompTIA Network+ ✓ ITIL Foundation – IT Service Management ⌛ Google IT Support Professional (In Progress)

PROJECTS

BlossomAI – Personalized AI Companion | github.com/briannab1997/bb-blossom-ai

- Engineered an AI-powered web application using JavaScript, Node.js, REST APIs, and OpenAI API with dynamic, context-aware conversational responses.
- Designed full frontend UX with responsive layouts; deployed via GitHub Pages. Demonstrates end-to-end product development ownership.

Travel Explorer – API-Driven Dashboard | github.com/briannab1997/BBtravel-explorer

- Built a dynamic dashboard integrating multiple third-party APIs for real-time travel data aggregation and display.
- Implemented async data fetching, error handling, and responsive UI using vanilla JavaScript — no framework dependencies.

QA Portfolio – Structured Testing Suite | github.com/briannab1997/qa-portfolio

- Designed and executed comprehensive UI, mobile, and API test cases with structured defect reports and reproducibility steps.
- Demonstrates professional QA workflow: test planning, execution, and reporting aligned with industry-standard practices.

Age Calculator – Client-Side JS App | github.com/briannab1997/agecalculator

- Built a zero-dependency JavaScript application computing age and zodiac sign using client-side logic with clean, maintainable code.

PROFESSIONAL EXPERIENCE

Certified Pharmacy Technician *Dec 2025 – Present*

CenterWell Pharmacy

- Support high-volume pharmacy operations within enterprise platforms; maintain strict data accuracy, compliance, and documentation integrity across regulated workflows.
- Bridge pharmacy operations and IT support teams — documenting system defects, reproducing bugs, and escalating issues with detailed technical context.
- Identify process inefficiencies and propose workflow improvements, demonstrating systems-thinking and analytical problem-solving.

Senior Pharmacy Care Coordinator *Feb 2024 – Dec 2025*

Centene

- Coordinated high-complexity authorization workflows across multiple regulated enterprise systems serving large patient populations.
- Produced detailed system documentation and collaborated cross-functionally to resolve process bottlenecks and workflow inefficiencies.
- Served as subject-matter expert for internal platform behavior; advised on root cause analysis and technical escalation paths.

Pharmacy Care Coordinator *May 2019 – Feb 2024*

OptumRx

- Investigated and resolved issues within internal pharmacy applications: data inconsistencies, permission access failures, and system integration breakdowns.
- Diagnosed application errors and incorrect user inputs; documented and triaged defects for technical teams in a manner consistent with QA best practices.
- Maintained high accuracy across concurrent complex workflows in a fast-paced enterprise environment.

Certified Pharmacy Technician (Contract) *Oct 2018 – Apr 2019*

Aetna

- Troubleshot internal pharmacy platforms, resolving data discrepancies, access issues, and workflow interruptions.
- Documented defects and supported end users by diagnosing application errors and coordinating resolution with technical teams.

E D U C A T I O N

B.S. Software Engineering *Expected April 2026*

Western Governors University

A.S. Health Sciences – Pharmacy Technician *2017*

Ultimate Medical Academy
